12th International p53 Workshop

DUNEDIN NEW ZEALAND
SATURDAY 6 – WEDNESDAY 10
NOVEMBER 2004

23 November 2004

Mrs Pat Johnston
Director
DCMS
P O Box 1029
DUNEDIN

Dear Pat

Re: 12th International p53 Workshop

We wish to thank you and your staff on the excellent service provided at our recent conference. We especially appreciated the high quality of information given to our delegates at the Registration Desk. As most delegates were "first-time" Dunedin visitors, your expertise in collating tours, arranging currency conversion and imparting local knowledge was of great benefit to all.

Your suggestion of using Cy for our IT requirements was an excellent idea. We were impressed that he quietly and efficiently went about setting up equipment as well as noticing the multitude of small things needing to be done. Please pass on our thanks to Cy for his superb IT service and for delivering us a technically flawless speaker platform.

We appreciated your recommendation to have Divesh from Dunedin Taxis at the airport to meet and greet delegates and transport them to their accommodation. His enthusiasm, helpfulness and friendly manner was appreciated by delegates. Please thank Divesh on our behalf for a job well done.

We would appreciate you passing on our thanks to all your staff who helped with the Conference.

Yours sincerely

Antony Braithwaite
Convener

Janice Royds
p53 Committee

Shirley Petrie
Administrator

INTERNATIONAL
CONFERENCE
COMMITTEE
